Roots Edu

From July, 2021 - January.2022

Software Developer Intern

ROOTs is Bangladesh's one of the best Ed-Tech companies in our country as their courses are pretty well designed and are going ahead with the best educators from the whole country. I have helped them build the Admin Panel and Main website of their platform.I was there as a Frontend Developer (React).

CultureShock

From July, 2020 - August,2020

Android App Developer(Contractual)

CultureShock is the wiki of culture of the world. Culture is 'what we are'. So loss of culture will cause us to lose our identity itself. Ignorance is termed as the number one reason behind racism and stereotypes. Wars and chaos persist when one group cannot understand the value of a component towards the other's culture. It is listed in google play store.
